

## AMUSEMENTS

In full swing—the wedge is in February prices to be split! Never such an opportunity before to make your money do double work. No clipping round the edges—no embroidery scissors, but a big mallet and we are splitting the prices. Look at this:

Forty Suits that we only have one and two of a kind are reduced to \$7.90. Some in the lot were \$15, none cheaper than \$10.

See our south window for display of a few of these Suits.

## Tersely Told

H. W. Thompson, of Bagdad, was among the business visitors to the city yesterday.

P. Tomasello, a prominent citizen of Bagdad, was in the city yesterday on a short business visit.

The fishing schooners Favorite and Lettie G. Howard, of the fleet of Saunders & Co., sailed for the fishing grounds yesterday.

Among the prominent visitors to the city yesterday were Attorney S. K. Gills and G. B. Campbell, cashier of the First National Bank, of DeFuniak. They were here on a short business visit.

The offices of the mayor, city clerk and tax collector will be moved today from the old building over the city jail to the new offices at the corner of Zarragossa and Jefferson street. The council held its first session in its new quarters last night, and hereafter all meetings will be held there until the completion of the new city hall.

The report published yesterday morning that the kitchen of the Escambia Hotel was entirely destroyed was incorrect. While the kitchen was damaged to some extent the damage was not such as to cause any delay in cooking, and meals were served at the hotel yesterday as usual.

YOU KNOW THE DIFFERENCE there is between different vanilla extracts. Why not get the best, Blue Ribbon when it goes twice as far as ordinary brands.

## WISH TO BEAUTIFY PEARL EAGAN HOME

In order to beautify the grounds around the Pearl Eagan Home, it is the desire of those in charge to secure plants, shrubs and trees suitable for this purpose, and donations of this character will be gladly received. It is also desired to secure a number of chickens, that eggs may be had for the little inmates of the home.

The Pearl Eagan Home is one of the most worthy institutions in the city and the assistance requested will no doubt be forthcoming without delay.

## Common Colds are the Cause of Many Serious Diseases.

Physicians who have gained a national reputation as analysts of the cause of various diseases, claim that if catching cold could be avoided a long list of dangerous ailments would never be heard of. Every one knows that pneumonia and consumption originate from a cold, and chronic catarrh, bronchitis, and all throat and lung trouble are aggravated and rendered more serious by each fresh attack. Do not risk your life or take chances when you have a cold. Chamberlain's Cough Remedy will cure it before these diseases develop. This remedy contains no opium, morphine or other harmful drug and has thirty years of reputation back of it, gained by its cures under every condition. For sale by all druggists.

John Philip Sousa, The March King, Composer of "The Free Lance."

## Sousa's "The Free Lance."

John Philip Sousa's newest comic opera, "The Free Lance," with book and lyrics by that well-known librettist, Harry B. Smith, and with Joseph Cawthorn as the stellar feature of the original cast, which appeared in the original presentation at the New Amsterdam Theatre, New York, last fall, will be the attraction at the opera house tomorrow night.

Mr. Sousa, apart from composing some of the most stirring march music, has, in collaboration with others, turned out several successful operas, but it is the consensus of critical opinion that in composing "The Free Lance" he has given the musical stage of America his best offering.

"The Free Lance" is described as being a genuine comic opera, in which the librettist has evolved as finished a story as he did in his great success, "Robin Hood," more than a decade ago. The output of Sousa and Smith is described as being a perfectly legitimate and commendable operatic composition of the opera comique style.

The American March King is said to have written a score that is immensely superior to the battle and rag-time sort of music that the public has become habituated to enjoy in modern musical comedies. The dialogue is bright, and there is plenty of it, yet the atmosphere is essentially and consistently operatic. The martial spirit and masculine vigor of Sousa's music, which invariably and deservedly arrests public attention, is in evidence in "The Free Lance" from the rise of the curtain to its final fall.

There is especially one march number entitled "On to Victory" which is considered a worthy successor to "The Washington Post" and "The Stars and Stripes Forever." Mr. Smith's book is a real comic story, cleverly unfolded with many ingenious developed situations. The lyrics possess a very catchy, rhythmic quality and many are distinguished by a charming poetic fancy.

Messrs. Klaw & Erlanger have given "The Free Lance" a most magnificent costume and scenic embellishment, and there is a singing chorus of seventy-five voices.

## BASKETBALL AT THE Y. M. C. A. TO-NIGHT

Gadsden Methodist Church and Y. M. C. A. Teams Will Meet Again.

What promises to be one of the most interesting games in the Church basketball league will occur to-night, when the Gadsden Methodist and Y. M. C. A. teams meet for their second game. Should the Y. M. C. A. succeed in rolling up a majority score on their opponents this game will be the last of the season between these two strong aggregations, as the Y. M. C. A. team has already downed the Gadsden boys by a large score.

The Gadsden team has been considerably strengthened since the last game both by the addition of O. Williams at guard and by hard practice, and it is expected that they will give the Y. M. C. A. bunch a much harder time in scoring a victory than before.

The Y. M. C. A. has added a new man at guard, F. Williams, who will be remembered as having played in the game against Yale two years ago, and also by his fast work at that position in many local games since.

The match is considered a fair one, however, and will without doubt prove interesting, more especially as these teams are contesting for a pennant.

They will line up as follows:  
Y. M. C. A. Position Gads. Meth.  
Hagerman Center Wilkerson  
Lurton R. Forward Oertling  
L. Forward R. Roberts  
Welles R. Guard Duncan  
F. Williams L. Guard O. Williams  
Between the halves of the game there will be some acrobatic work by some of the members of the association. Some excellent feats are now being performed by some of the students at the gymnasium.

**New Suit Filed.**  
The following new suit was filed yesterday in the office of the clerk of the circuit court:  
Hooton & Watson vs. S. E. Fleming and Joe Niclaus, damages \$250; Blount & Blount, attorneys for plaintiffs.

## NEGRO DROWNED IN ESCAMBIA BAY

WAS A PASSENGER ON THE GRAND RAPIDS AND WAS COMING TO CITY.

John Alexander, a negro, who was a passenger on the gasoline launch Grand Rapids, plying between Pensacola and Holley, fell overboard from that vessel Tuesday afternoon and was drowned. This occurred while the boat was in Escambia bay almost opposite what is known as Cheney point.

In his report of the accident to the custom house officials, Captain Best, of the vessel, stated that the negro was intoxicated and had been warned several times to remain in the cabin and not attempt to come on deck, and finally succeeded in getting on deck and fell overboard. The vessel was stopped as soon as possible and returned to the point where the man was last seen, but nothing could be seen of the negro, as he sunk almost immediately after falling overboard.

## PRESCRIPTION FOR "CYCLONE" CATARRH CURE

The name "Cyclone" is given to the following prescription, it is supposed, because of its promptness in driving from the blood and system every vestige of catarrhal poison. To prepare the mixture: Get from any good prescription pharmacy one-half ounce Fluid Extract Dandelion, one ounce Compound Kargon and three ounces Compound Syrup Sarsaparilla. Shake well and use in teaspoonful doses after each meal and at bedtime.

This is a harmless, inexpensive mixture, which has a peculiar action upon the eliminative tissues of the kidneys, assisting them to filter and strain from the blood and system the catarrhal poisons, which, if not eradicated, are absorbed by the mucous membrane, and an open sore or catarrh is the result.

Prepare some and try it, anyway, as it is the prescription of an eminent catarrh and throat specialist of national reputation.

## DENATURED ALCOHOL IN TOBACCO MANUFACTURE

As Denaturant Is a Solution of Nicotine It Can Do No Harm.

AMOUNT OF COLORING MATTER TO THE POUND OF TOBACCO WOULD BE INFINITESIMAL—BILL AS IT STANDS OF LITTLE VALUE TO FARMERS.

By William Wolff Smith.  
Washington, Feb. 6.—Those who fear that the use of denatured alcohol in the manufacturing of chewing and smoking tobacco may cause some deleterious effect can relieve themselves of such fear. The denaturing agent provided is a solution of nicotine and as nicotine is the active agent of tobacco its presence in the alcohol to be used on tobacco can do no harm whatever. One hundred gallons of the denaturant is composed of eighty-eight gallons of water and twelve gallons of an aqueous solution of nicotine; of 40 per cent strength. Into this 100 gallons will be put two-fifths of a pound of yellow aniline dye and two-fifths of a pound of blue aniline dye. One hundred gallons of this denaturant will denature ten thousand gallons of pure ethyl alcohol which quantity is sufficient to flavor two million pounds of tobacco. The dyes are merely to give sufficient color to the denatured alcohol to warn persons handling it that it is un-

drinkable. Spread over two million pounds of tobacco the amount of the dye to the pound is infinitesimal being about 1-25,000 part of one per cent. The aniline dyes to be used are the same as those used in coloring candies, and the blue dye is used in much larger quantities in whitening sugar. The manufacturers of tobacco are greatly pleased at the decision of the commissioner of internal revenue. Speaking of denatured alcohol it looks as though congress would fail to act at this session on the proposition to authorize the use of small locked stills by the farmers. The denatured alcohol bill was passed because of the pressure from the farmers who had been led to believe they could use their surplus crops and especially corn and potatoes unfit for feeding, by turning them into alcohol to light their houses and run their machinery. But when it comes to being the same to a distant distillery and then buying the alcohol the matter assumes a somewhat different aspect. Up to the present the only persons to be benefited are the distillers and the manufacturers who can use denatured alcohol in place of pure alcohol. They save the government tax.

No doubt congress would be glad to assist the farmers in the matter of denatured alcohol but the difficulties in the way are very great. Alcohol furnishes a large part of the revenues of the government and must be kept under the strictest sort of supervision. The operation of a hundred thousand separate stills, even if padlocked and sealed, might easily lead to all kinds of trouble. It will take time and patience to solve the problem.

## EXTENSION OF TIME TO BUILD TWO NEW RAILROADS

(Continued from First Page.)

or other property, if the said Railroad Company shall discontinue the use thereof for twelve consecutive months after having made use of said street, wharf or other property in the manner provided in said ordinance.

Section 2. Work on the main line of the Pensacola & Northeastern Railroad Company having been commenced before March 1, 1906, this provision of Section 4 of the ordinance aforesaid has been complied with. Work on the spur tracks and wharf tracks shall be completed from time to time, as the necessities of business require. The entire road shall be completed from Pensacola, Florida, to Andalusia, Alabama, on or before September 1, 1908, and a failure to complete the same within said time shall operate as a forfeiture of all the rights and grants and privileges granted under the ordinance aforesaid. If any street not now under water, or the land on Spring Street granted to the said street, wharf, or other property, in the manner provided by said ordinance, shall not be occupied for the purposes authorized therein by the grantee, its successors or assigns, under the privileges herein conferred, before the first day of September, 1910, all privileges granted under said ordinance shall cease as to any such street, wharf, depot and terminal property, and said privileges shall cease also as to any street, wharf or other property, if the grantee, its successors or assigns, shall discontinue the use thereof for twelve consecutive months after having made use of the said street, wharf, or other property in the manner provided by said ordinance.

Section 3. This ordinance shall not take effect until the said Railroad Companies shall have deposited or caused to be deposited, with a bank or banks satisfactory to the City Council, as depositories, the sum of Fifteen Thousand (\$15,000.00) Dollars, as a forfeit upon the conditions named in the ordinance aforesaid and hereinafter named, and if the said sum shall not be deposited before March 1, 1907, this ordinance shall be null and of no effect.

If the said fifteen thousand dollars shall be deposited and the Pensacola, Alabama & Western Railroad Company shall not complete the sixty (60) miles required of it before the first day of March, 1908, or if the Pensacola & Northeastern Railroad Company shall not complete the said road from Pensacola, Florida to Andalusia, Alabama, on or before September 1, 1908, or if the Pensacola, Alabama & Western Railroad Company shall not, within six months from the date hereof, grade within the County of Escambia, Florida, twenty miles of railroad, then the said \$15,000.00 shall be forfeited to the City of Pensacola and paid to its treasurer, and remain its property and shall not be repaid to the said Railroad Companies or other persons depositing the same.

The said forfeiture shall be in addition to the forfeiture of the rights granted to the said street, wharf, or other property, as hereinbefore provided. However, when and as soon as the Pensacola, Alabama & Western Railroad Company shall have graded, cross-tied and ironed, within the County of Escambia, Florida, twenty miles of railroad, and the Pensacola & Northeastern Railroad Company shall have graded, cross-tied and ironed, within the Counties of Escambia and Santa Rosa, Florida, twenty miles of railroad, then the said \$15,000.00 shall be returned to the depositor or depositors provided that the said \$15,000.00 shall not have been forfeited as above provided.

Referred to Committee.  
The ordinance was, upon motion, referred to the franchise committee, with the understanding that should the committee be ready to report before the regular meeting of the council next Wednesday night it shall notify the mayor and request that he call a meeting at some date convenient when the report will be received.

and the ordinance, if satisfactory, placed upon its second reading. If this is done the ordinance can be passed at the regular meeting Wednesday night.

## VAUGHN CASE IS CONTINUED

ON ACCOUNT OF THE ILL HEALTH OF DEFENDANT CASE IS CARRIED OVER.

On account of the ill health of John B. Vaughn, who is defendant in the criminal court upon the charge of manslaughter, the court yesterday granted a continuance of the case until the next term of court. This was done upon representation of Mr. Vaughn's attorneys that he would be unable to attend the trial on account of the condition of his health. The case of Mr. Vaughn was appealed after he was convicted of the charge, and the decision of the lower court was reversed and the case remanded back for trial. It was set for yesterday, but was allowed to go over to the next term.

Three other cases were disposed of in the court yesterday. Two negroes, White and Williams, were convicted of petit larceny and each sentenced to serve 30 days in jail, and Will Owens for grand larceny was sentenced to pay a fine of \$150 and costs or serve six months in jail.

## PLANS ANOTHER TRIP TO ISTHMUS

Washington, Feb. 6.—Another trip to Panama already is in contemplation by President Roosevelt, and it may be taken next November. Moreover, it is said that he will go beyond Panama and visit another foreign country, if the hopes of the administration materialize, Cuba will have established a free and independent government again by next July or August, and the president may pay a friendly visit to the island on his way home. Just to see how the baby neighbor is coming on. It is understood to be the present plan for Secretary Taft to visit the Isthmus again in the fall if the president should fall to go. If the latter carries out his present intention it is not yet certain whether Mr. Taft would go, although he might accompany the President, and Mr. Root would be left to run the government.

## BOAT LINES FOR THE JAMESTOWN EXPO.

Norfolk, Va., Feb. 6.—The New York Shipbuilding Company of Camden, N. J., is building a fine passenger steamship for the Chesapeake Steamship Co., which will be operated for night trips between Baltimore, Old Point Comfort and Norfolk, during the exposition. The Jamestown Steamboat Company has been organized and have been chartered to operate steamers along the coast. Four steamers are being prepared for this service. They will handle 5,000 passengers.

## WILL SHORTEN DISTANCE TO HONG KONG, CHINA

London, Feb. 6.—At a meeting of the directors of the Canadian Pacific Railway Company in Queens street today it was decided to put two new Empress steamers on the Pacific Ocean within twelve months. They will be the means of cutting down the time between Vancouver and Hong Kong by over two days.
